

The Installer

Editorial Guidelines & Features

Here you will find a list of The Installer's core features. Each month we also run topical features which are either researched and written by our editorial team or commissioned from external writers.

The Installer is the only publication covering the window, door, conservatory and wider home improvement market that runs externally sourced features specifically on business best practice principles covering everything from insurance through to health & safety and training.

We are always happy to discuss feature submissions with potential contributors. We will require a brief synopsis of the feature idea by email to the editor along with full contact details.

We would be obliged if contributors also provide suitable photography and/or illustrations.

January

- Doors
- Conservatories & Skylights

February

- Security & Hardware • Doors continued
